

## JOSEPHINE/OFF-DUTY WAITRESS SIDE

JOSEPHINE

*Don't you ever get angry or jealous?*

NANCY

I'm just used to it by now.

JOSEPHINE

*I don't think I could deal with it. If he was my guy I'd smack him if I even see him looking at another woman. Men are like dogs. Keep 'em on a leash and don't let them hump anyone else's leg. That's my philosophy! (laughing)*

NANCY

It's not like I'm a saint.

JOSEPHINE

*Ain't that the truth.*

NANCY

You should talk, bitch. *(laughing)* It's Oxford Hills. There's hardly a long line of shining princes around here waiting to take me to their castle..... Maybe a mud run.... Or over to the Speedway, buy me some PBR and expect my panties to come off by the end of the night. Dave might have some faults and he certainly can't keep it in his pants -- but he's never considered getting a 14 point buck to be the high point of his existence either.

JOSEPHINE

*But why him?*
